Windshield Repairs and Replacements

Urethane and certain multicomponent windshield adhesives are the only adhesive technologies used in high-performance glass bonding. This is because they are capable of withstanding high levels of deformation with little loss in adhesive performance. They are tough, abrasion-resistant, and durable to withstand 20 or more years of service

All-West Glass uses only OEM approved adhesives.

Thank you for choosing...

All-West Glass was formed in April 1971 in Smithers, BC. We have expanded steadily and now have outlets in most towns and cities throughout Northern BC, Northern Alberta, the Yukon and the Northwest Territories.

All-West Glass has more than 250 employees, including 150 certified Glaziers. We are Continually striving to improve our safety and quality programs to better serve your needs.

All-West Glass donates more than \$100,000 annually to local projects and charities.

AUTOMOTIVE WINDSHIELD REPAIRS AND REPLACEMENTS

- ◆ auto glass while you wait
- ◆ mobile service
- ◆ pick up and delivery
- ◆ no appointments necessary
- ◆ ICBC and Private Insurance claims
- ◆ rock chip repairs

For most windshield replacements, your vehicle is required for 3-4 hours to allow for safe curing of the windshield adhesive. We use only OEM (Factory) approved products to install your windshield.

Simply come in and see us, we will look after your glass claim for you.
(All of our BC Stores offer ICBC Glass Express service)

All-West Glass National Written Guarantee

Guarantees your installation to be free from defects in workmanship and material for a period of 90 days.

The sealing of any glass is guaranteed for the duration of ownership with the exception of leaking due to body deterioration.
